### **DETAILED ACTION**

This is the first action relating to serial application number 10/787,012 filed 02-25-2004.

Claims 1-5 are allowed.

#### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

#### ***Drawings***

2. The examiner has accepted the drawing filed with this application as formal drawing.

#### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipate or render obvious the combination of a torque controlling system as set forth in claim 1, and most significantly requires a storing section for storing a pulley information immediately before the vehicle is stopped and a storing determining means for determining whether the pulley information is stores in the storing section, wherein in case the storage determining means determines that the pulley information is not stored in the storing section before an initialization operation to set the shift actuator to a reference position is performed, the limitation of the input torque to the primary pulley is performed by the torque limiting means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
